The LRTA Legislative Committee met on Tuesday, March 24. Positions adopted by the committee are provided below. House Bill No. 83 was added to the list of bills to be monitored. It is mentioned under the general category of Permanent Benefit Increases.

PERMANENT BENEFIT INCREASES

House Bill No. 42 by Representative Sam Jones

This bill provides for the payment of a permanent benefit increase out of the balance on deposit in the Experience Account to eligible members of the Teachers' Retirement System of Louisiana to begin on July 1, 2015. The benefit increase will be provided to those eligible individuals receiving a benefit from TRSL who have been retired for at least 12 months, and who are at least age 60, on June 30, 2015. The benefit increase will be applied to the first \$60,000 of the annual benefit currently received from TRSL. The benefit increase will also be paid to disability retirees and to the beneficiaries of retirees and disability retirees who would have met the above stated eligibility requirements.

Similar PBIs are authorized for members of the Louisiana State Employees' Retirement System, the Louisiana School Employees' Retirement System and the Louisiana State Police Retirement System.

RETURN-TO-WORK RETIREES

House Bill No. 43 by Representative Harvey LeBas

This bill provides for an increase in the cap a retired teacher is allowed to earn when reemployed as a substitute teacher from 25% to 50% of the annual benefit paid by TRSL to the return-to-work retiree.

Senate Bill No. 20 by Senator Gerald Long

This bill removes the grandfather provision which currently exists, and allows individuals who retired on or before June 30, 2010 to return to work without suspension of benefits. The bill will also allow school counselors to return to work without suspension of benefits.

RETIREMENT SYSTEM FUNDING

House Bill No. 41 by Representative Joseph Harrison

This bill provides for the payment of employer contributions directly to TRSL from the state treasury rather than through the Minimum Foundation Program.

LRTA will monitor this legislation.

House Bill No. 55 by Representative Harold Ritchie and Senator Ben Nevers

This bill is a constitutional amendment that levies a tax on usage at hydrocarbon processing facilities. The provisions of the constitutional amendment stipulate that \$250 million of the tax proceeds each year be dedicated to both the Louisiana State Employees' Retirement System and to the Teachers' Retirement System of Louisiana. Each year's payment to the systems will be in proportion to the balance of the unfunded accrued liabilities of the systems.

LRTA will support this legislation.

Senate Bill No. 14 by Senator Elbert Guillory

This bill requires that projected noninvestment related administrative expenses for all state retirement systems for any given fiscal year be included as a factor in determining the retirement system's employer contribution rate.

Senate Bill No. 15 by Senator Ben Nevers and Representative Harold Ritchie

This bill is a constitutional amendment that levies a tax on usage at hydrocarbon processing facilities. The provisions of the constitutional amendment stipulate that \$250 million of the tax proceeds each year be dedicated to both the Louisiana State Employees' Retirement System and to the Teachers' Retirement System of Louisiana. Each year's payment to the systems will be in proportion to the balance of the unfunded accrued liabilities of the systems.

Senate Bill No. 16 by Senator Elbert Guillory

This bill provides for technical corrections to Act No. 399 of 2014 dealing with the mechanics of the Experience Accounts held at TRSL and the other three state retirement systems. The bill also removes the prohibition that PBIs cannot be granted in consecutive years.

LRTA will support this legislation.

Senate Bill No. 18 by Senator Robert Adley

This bill allows higher education systems (i.e. the LSU system, the State College and University System, the Southern University System) to opt out of TRSL. Opting out of TRSL will require the higher education system to pay TRSL for its proportionate share of existing system liabilities. No additional liabilities in the retirement system can be incurred. The higher education system will then create a new retirement plan for its employees. Funding for the payment of the liabilities may come from any income source including proceeds from the sale of bonds.

LRTA will oppose this legislation.

RETIREMENT SYSTEM MEMBERSHIP

House Bill No. 10 by Representative J. Kevin Pearson

This bill allows a current TRSL member to purchase service credit for time spent teaching in an elementary or secondary nonpublic school that was located in another state and was approved by that state's educational agency during the time the teaching service was rendered.
