

Excellent Readers

ERx

Who We Are

ERx provides a separate, in-school reading class for struggling readers in grades K-2, taking the place of the traditional reading class those students would normally attend.

ERx provides struggling readers with literacy skills and systematic lessons that connect with all their different learning styles. ERx will equip students to learn to read better, as well as score better on standardized tests.

How It Works

Excellent Readers provides a separate, in-school reading class for struggling readers, taking the place of the traditional reading class those students would normally attend.

At the heart of Excellent Readers are our Reading Mentors, who allow us to implement a 3:2 student-teacher ratio to deliver structured reading curriculum through individualized lesson plans.

3:2

How We Take Action

Step 1

Identify struggling readers in grades K-2 through standard assessments and measuring tools.

Step 2

Remove struggling readers from their traditional reading classes to attend ERx's reading program for the duration of the school year.

Step 3

Struggling readers are placed with trained Reader Mentors to receive systematic lessons to understand why our language works the way it does and why words are read and spelled the way they are.

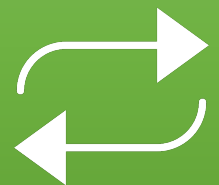

Step 4

Conduct weekly, monthly and quarterly assessments of individual student's progress to report to schools and parents.

Step 5

Repeat!
As students excel, they will graduate to the next level of fundamental learning within the ERx program.

Get Involved

Every child is special, with unique combinations of abilities and needs that affect learning. All children deserve the opportunity to learn in ways that make the most of their strengths and help them overcome their weaknesses.
